

MIGRANTS, ASYLUM SEEKERS AND REFUGEES AGAINST THE BLACKMAIL OVER OUR LIVES AGAINST DISCRIMINATION IN RECEPTION TO SAY NO TO EXPULSIONS AND REFUNDS!

SATURDAY 7 MAY, 10 A.M. PIAZZA ROOSEVELT, PREFETTURA DI BOLOGNA

After a well-attended assembly by migrants from the Mattei centre and others, we decided to continue the struggle for the cancellation of the expulsions and fines that have affected asylum seekers. The fines and expulsions aim to empty the reception centres, to make us even poorer, to blackmail and exploit us even more. That is why these must be cancelled. Anyone who lives or has lived in reception centres can suffer this injustice at any time. This is an injustice for those of us who have obtained residence permits or humanitarian protections, but who have been expelled from the centres without notice, summoned to the prefecture to sign a paper without being able to read it and consult a lawyer. It is an injustice for those who are forced to wait in the centres for the decision of the Territorial Commission. It is an injustice for those who have recently arrived and are not aware of the law that forbids them to exceed 5,000 euros in salary per year in order to remain in the reception system. It is also an injustice to the many refugees from the war in Ukraine who have not been given a temporary permit simply because they have dark skin. The "welcoming Bologna" does not place them in flats but sends them to overcrowded structures, where they remain without knowing what will happen to their lives, with the risk of being expelled at any moment. The fight against expulsions and reimbursements is also the fight against the blackmail of documents over our lives and against discrimination in reception.

ON SATURDAY 7 MAY, WE WILL TAKE TO THE STREETS TO DEMAND:

- THE CANCELLATION OF FINES AND EXPULSIONS**
- THE DEFINITIVE CLOSURE OF THE MATTEI CENTRE**
- THE GUARANTEE THAT EVERYONE IS HOSTED IN FLATS**

THE INSTITUTIONS MUST HEAR THE UNITED VOICE OF MIGRANT WOMEN AND MEN, ASYLUM SEEKERS AND REFUGEES!
